Licensed Psychologist Job Opening

CCH is looking to recruit a professional, skilled, and responsible licensed psychologist to join our team of dedicated and experienced clinicians. Our group practice consists of independently contracted mental health and wellness providers who offer a range of services, including psychotherapy, psychological assessment, medication management, nutrition therapy, acupuncture, yoga therapy, and functional medicine. We recently expanded our space and are seeking highly qualified providers to join our multidisciplinary team.

The Licensed Psychologist will primarily be responsible for providing psychological assessments to children and adolescents. CCH receives referrals from all over the Twin Cities and provides general psychological assessments for diagnostic purposes as well as specialized testing (e.g., ADHD, behavior, anger management, learning disorders, cognitive/IQ, and memory/executive function). Preferred candidates will have experience providing psychological evaluations to children and adolescents and be up to date on current psychological assessment batteries/protocols for that age range (including the WISC/WAIS). Preferred candidates will also have solid writing skills and experience writing comprehensive reports. CCH values a diverse workplace and strongly encourages women, people of color, LGBTQIA+ individuals, and members of ethnic minorities to apply.

Responsibilities:

- Provide psychological assessments for children and adolescents at CCH
- Complete all required paperwork consistent with organization
- Complete reports in a timely manner
- Maintain client medical records and filing documentation
- Participate in monthly consultations and on an as-needed basis with clinic providers
- Create and maintain own working schedule; return client calls and schedule

Requirements:

- Mental Health Professional License (LP)
- A minimum of one year of experience
- Experience in writing diagnostic assessments and forensic reports/psychological assessments
- Proficient communication, both verbally and written
- Provide compassionate and sensitive care to all clients served at CCH
- Ability to work effectively with a team
- High degree of organization, ability to work independently, and ability to take initiative
- Proficient computer skills

Benefits of CCH:

- Build your own private practice without the hassle! We will take care of all administrative duties for you (i.e., credentialing, billing, and professional development offerings)
- Fully furnished, modern office space that is conveniently located with many building perks (including free gym!)
- Frequent collaboration and cross referral within practice to help treat clients holistically
- Referrals and marketing to help build your caseload
- Freedom to develop new initiatives that the practice will help to promote
